AUTOMATED CRIME SCENE CORRELATION'S FUNCTIONALITY

- ▶ Receive daily email reports ranking all offenders who were in the vicinity of reported crimes when they happened.
- ▶ Immediately eliminate offenders who fit a perpetrator's profile but were not in the vicinity of the reported crime when it occurred.
- ▶ Law enforcement officials can create a zone around specific geographic locations, such as a suspected drug trafficking area, to monitor for the presence of offenders.

BLUTAG[®]

TRACK THE BODY, NOT THE BOX[™]

- ▶ One-piece device with the longest history of use and largest deployment
- ▶ Remains on the body at all times — removal for recharging the battery or downloading data is not necessary
- ▶ Least offender-dependent device on the market
- ▶ Transmits monitoring data via three different schedules

AUTOMATED CRIME SCENE CORRELATION TOOL

- ▶ Increases public safety because it helps law enforcement officials solve crimes faster.
- ▶ Automatically compares offender movements to the location and time of reported crimes.
- ▶ Integrated into VeriTracks®, Internet-based tracking application, and accessible through any computer with a high-speed Internet connection.

BLUTAG®
SUPERIORITY
OVER OTHER
ONE- AND MULTI-
PIECE DEVICES

- ▶ BluTag's® battery is permanently sealed in the case eliminating the need for replacement.
- ▶ Modified algorithms and additional GPS points ensure superior offender tracking by BluTag®.
- ▶ BluTag® streamlines an agency's inventory with this single piece device, few consumables and optional accessory equipment.
